

Josephine residents can opt to enroll in the voluntary RoundUP program. RoundUP Programs like this are common in most utilities.

There are 3 ways that you can choose to participate in Josephine's RoundUP Program.

1. Commit to rounding up your bill to the nearest dollar and donating \$0.01-\$0.99 per month. This is the standard way if you choose to participate unless stated otherwise.
2. Choose a reoccurring set amount contribution.
3. Choose a one-time set amount contribution.

Josephine RoundUP Program is easy to participate in and has the ability to make a huge impact on someone else in need in our community. Your utility bill will either be rounded up to the next dollar amount or increased by the dollar amount you designate.

How Option 1 Works - Monthly RoundUP Contribution – Standard

Each month your bill will be rounded up to the next dollar. So, if your bill is \$125.43, the bill would be rounded up to \$126.00 and the \$0.57 would go to help a local family in need.

The average customer would only donate about \$6.00 a year, and the maximum amount a customer could contribute annually would be \$11.88.

Each donation is a very small amount from each Josephine resident, but the impact we can all make together will be significant to our community.

How Option 2 & 3 Works - Set Amount Contributions

Option 2 - allows you to give a set amount monthly. Each month your bill will have this additional donation added to your bill.

Option 3 - allows you to give a one-time set amount. Josephine will add this donation amount to your bill once.

Who Benefits

Josephine City Council together have decided that funds raised through this program will be donated to assist people in our community with their utility bill.
